DESCRIPTION

High-quality, lightweight NR hose is perfect for the collection and handling of milk and other dairy products – staying flexible in cold outdoor conditions, whatever the weather, and providing a functional, easy-to-attach and ergonomic solution when collecting and unloading. The DairyStream is capable being steam-cleaned at temperatures of up to 110°C and is also designed to withstand cleaning with most common detergents. It is a food-grade product that meets major food contact requirements, and is phthalate-free.
