DISTILLER, STRONG ALCOHOL HOSE 10 BAR

Media

Certificate

SPECIFICATIONS

Cover	NR	Media	Food and beverage, Food
Tube	UPE	Safety factor	1:3
Reinforcement	Steel wire, Textile	Temp min	-35 °C
Resistance cover	Abrasion, Weather	Temp max	100 °C
Design	Wrapped	Color	Blue

DESCRIPTION

The Distiller is a hose specifically designed for strong alcohol and liquids with high alcohol content – up to 99%. The UPE material used in its construction is capable of withstanding chemicals, acids, solvents, and oils, and is highly resistant to both heat and kinking. Although this hose is ideal for distilleries, it is tough and versatile enough to be used for numerous jobs, including applications involving fatty and non-fatty foodstuffs. It is made from food-grade translucent UPE, can be cleaned with common detergents – even at high levels of concentration – and can be steam cleaned at temperatures of up to 130°C. The Distiller meets major requirements for food contact materials and is free from phthalates.

Item number	ID	OD	Wp	Vacuum, max	Bend radii [mm]	Coil length	Weight
15548012	19 mm	29 mm	0.6 MPa	90	60 mm	40 m	0.5 kg
15548016	25 mm	25 mm	0.6 MPa	90	85 mm	40 m	0.63 kg
15548020	32 mm	43 mm	0.6 MPa	90	115 mm	40 m	0.96 kg
15548024	38 mm	50 mm	0.6 MPa	90	150 mm	40 m	1.15 kg
