GASKET CLAW COUPLING AIR

SPECIFICATIONS

Shape Gasket

DESCRIPTION

The Gasket for claw coupling is a precision-engineered gasket designed for sealing applications. Connection with a 42mm diameter, ensuring a secure, airtight interface. This coupling component is part of a specialized family engineered to deliver reliable sealing performance across diverse industrial environments.

Item number	Type 1	Size 1	Material	Wp
50010400	Claw fitting 42mm	Claw 42	Nitril	1 MPa
50010401	Claw fitting 42mm	Claw 42	NBR	1 MPa
50010402	Claw fitting 42mm	Claw 42	Viton	1 MPa
50010403	Claw fitting 42mm	Claw 42	EPDM	1 MPa
50010424	Claw fitting 42mm	1 1/2"	Rubber	1 MPa
50010500	Claw fitting 42mm	Claw 42	TFEP	1 MPa
