CARDAN FITTING MOD.42 KVG MALE - FEMALE BSP THREAD, STEEL

SPECIFICATIONS

Material	Galvanised steel	Connection 1 - Cardan type	KVG
Shape	Straight		

Related Item: 1407-10, 1508-10

DESCRIPTION

The Cardan fitting mod.42 KVG is a straight coupling with male BSP threads on both ends, made of durable galvanised steel. Its KVG cardan type and M42 connection ensure reliable performance in industrial use.
