CAMLOCK C FEMALE - HOSE FITTING, BRASS

SPECIFICATIONS

Material	Brass	Connection 1 - Sealing	Gasket
Shape	Straight	Shape	Straight
Connection 1 - Camlock type	C		

Related Item: 1435-00, 1439-00, 1469-20

DESCRIPTION

The Camlock C female hose fitting is a straight fitting designed for secure connections in fluid transfer systems. Made from durable brass, it features a female camlock type C connection with gasket sealing for reliable leak prevention. This fitting belongs to the Coupling - Camlock family, combining robust material and precise design for efficient hose coupling applications.
