CAMLOCK DC FEMALE CAP, STAINLESS STEEL

SPECIFICATIONS

Material	Stainless Steel AISI 316	Connection 1 - Sealing Shape	Gasket Cap
Shape	Cap		
Connection 1 - Camlock type	DC		

Related Item: 1439-00, 1469-20

DESCRIPTION

The Camlock DC female cap is a high-quality component made from durable Stainless Steel AISI 316. Designed as a cap with a female camlock DC connection, it features a gasket sealing to ensure secure and leak-resistant performance. Ideal for applications requiring reliable and robust coupling solutions within the Camlock family.
