## CAMLOCK DP MALE PLUG, ALUMINUM

### SPECIFICATIONS

<b>Material</b>	Aluminum	<b>Connection 1 - Camlock type</b>	DP
<b>Shape</b>	Plug	<b>Shape</b>	Plug

**Related Item:** 1435-00, 1439-00, 1469-20

### DESCRIPTION

The Camlock DP male plug is a durable aluminum design for secure and efficient connections. Part of the Coupling - Camlock family, this male plug features a DP camlock type and a plug shape, ensuring reliable performance in various industrial applications. Its lightweight aluminum construction offers corrosion resistance and ease of handling.
