SLEEVE BSP FEMALE - BSP FEMALE, STAINLESS STEEL

SPECIFICATIONS

Material Stainless Steel AISI 316 **Shape** Straight

DESCRIPTION

The Sleeve BSP female is a straight coupling adapter made from durable Stainless Steel AISI 316. Featuring female BSP (G) threaded connections on both ends, it ensures secure and reliable thread-to-thread joining in industrial applications. Its robust construction offers excellent corrosion resistance, making it suitable for demanding environments.

Item number	Thread type 1	Type 1	Size 1	Type 1	Type 2	Thread type 2	Size 2	Type 2	Wp
