ELBOW 45° BSP FEMALE - BSP FEMALE, STAINLESS STEEL

SPECIFICATIONS

Material Stainless Steel AISI 316 **Shape** 45°

DESCRIPTION

This stainless steel AISI 316 elbow features a 45° angle design with BSP female threaded connections on both ends. It belongs to the industrial fitting family, providing reliable, corrosion-resistant performance for threaded pipe connections requiring precise directional changes. Its durable construction ensures long-lasting use in demanding environments.

| Item number | Thread type 1 | Type 1 | Size 1 | Type 1 | Type 2 | Thread type 2 | Size 2 | Type 2 | Wp |
|-------------|---------------|--------|--------|--------|--------|---------------|--------|--------|-------|
| 50850202S | G | Thread | 1/8" | Female | Thread | G | 1/8" | Female | 1 MPa |
