DISAFLOW FLANGE DFU - FLANGE, STEEL

SPECIFICATIONS

Material	Galvanised steel	Connection 1 - Sealing	Gasket
Shape	Straight	Connection 2 - Sealing	Gasket
Connection 1 - Disaflow type	DFU		

DESCRIPTION

The Disaflow flange DFU is a straight coupling flange made of galvanised steel, designed for flange-to-flange connections sealed with gaskets for a secure fit. It offers strength and corrosion resistance for lasting performance.

Item number	Type 1	Size 1	Type 1	Type 2	Size 2	Type 2	Wp
51300009	Disaflow	100 mm	Flange	Disaflow	76 mm	Flange	0.7 MPa
51300010	Disaflow	125 mm	Flange	Disaflow	100 mm	Flange	0.7 MPa
