## HOSE FITTING BANJO - HOSE, STEEL

### SPECIFICATIONS

<b>Material</b>	Steel	<b>Coupling - Function</b>	Single
<b>Shape</b>	Straight		

### DESCRIPTION

The Hose fitting Banjo is a straight coupling designed for industrial applications, featuring a single-function connection. Made of durable steel, it connects a banjo fitting to a hose, ensuring reliable and secure fluid transfer. This robust coupling is part of the industrial adapter family, offering strength and longevity in demanding environments.
