ADJUSTABLE T-ADAPTOR BSP

SPECIFICATIONS

Type 1	Male	Connection 3 - Sealing	O-ring and washer
Type 2	Male	Shape	T
Type 3	Adjustable male	Material	Steel

DESCRIPTION

The Adjustable T-Adaptor BSP is a steel coupling designed for reliable connections within the Coupling - Adapter BSP/mm/npt family. Featuring a T-shaped design with two fixed male connections and one adjustable male connection sealed by an O-ring and washer, it offers flexibility and secure sealing for various piping applications.
