HYDRAULIC OIL ISO VG46

SPECIFICATIONS

Related Item: 8250-3x, 8251-xx, 8262-32, 8262-46

DESCRIPTION

Q8 Handel 46 is an excellent zinc-based hydraulic oil that is suitable for a wide range of temperatures and applications. Thanks to its very high viscosity index of > 180 , the zinc-based oil has exceptional flow properties. The high oxidation stability assures an extended drain interval and lubricant life. Q8 Handel 46 is used in demanding applications that require very high viscosity index oils.
