HYDROSCAND HYDRAULIC OIL BIO+

SPECIFICATIONS

Related Item: 8250-3x, 8250-4x

DESCRIPTION

Hydros cand Hydraulic oil Bio+ is an outstanding synthetic hydraulic fluid based on unsaturated esters for year-round use in mobile and stationary hydraulic systems. Adapted for use in sensitive areas where high biodegradability is a requirement. Hydros cand Hydraulic oil Bio+ easily outperforms the ISO HEES specifications, meets the Swedish Standard environmental requirements SS 155434 and is listed on the Swedish RISE list.
